

ICPP Payout Fund

Investment Strategy

The objective of ICPP Payout Fund (Fund) is to provide long term capital growth and income. To achieve this objective, the Fund will invest approximately 50% of its assets in units of the ICPP Accumulation Fund and 50% of its assets in units of the Addenda Bonds Universe Core Pooled Fund. The Fund may also invest in short term investment instruments from time to time to manage cash flow needs.

The ICPP Accumulation Fund invests predominantly in large capitalization companies listed on major stock exchanges in Canada and the United States. The ICPP Accumulation Fund invests in equities of companies that are part of the ICPP Total Index (the "Index"). Index companies are selected based on the long term viability of their businesses and value added return expectation within their industry. It is expected that equities of the eligible companies listed in the Index may be bought and held by a fund over a long time horizon. Minimal amounts of cash balances are used to facilitate rebalancing and collection of dividend income. The Index will include between 72 and 80 equities normally balanced between Canadian and US dollar investments. The ICPP Accumulation Fund will include between 36 and 80 equities.

The Addenda Bonds Universe Core Pooled Fund invests in the universe of Canadian fixed income investments.

4 Year Rolling Return Quartiles

—ICPP Payout Fund —Payout Benchmark

Benchmark returns are equal to 50% FTSE Canada Universe Bond Index, 25% S&P/TSX Composite Total Return Index and 25% S&P 500 Total Return Index in Canadian dollars determined on a monthly basis. This benchmark is used to provide reference to widely known and followed benchmarks.

Rates of return for the Fund are calculated on back-tested data for periods prior to January 1, 2019. Back-tested performance data is based on a model and is hypothetical performance data, it does not depict actual performance returns for ICPP Payout Fund and it has been calculated with the benefit of hindsight.

The Index is intended as a benchmark for funds with a long-term investment horizon dedicated to pension plans registered in Canada. This material is for information purposes only and does not constitute an offering memorandum or an offer or solicitation in any jurisdiction in which an offer or solicitation is not authorized.

The indicated rates of return are historical annual compounded total returns, including changes in unit value and reinvestment of all distributions. The Fund was managed by ICPP Funds Ltd. from inception until August 8, 2022 and by Addenda from August 9, 2022. Investments in the Fund are not guaranteed, their values change frequently and past performance may not be repeated. Investment losses do and may occur, and investors could lose some or all of their investment in the Fund.
